

Reallocate Facade desks

VolkerWessels Construction Schiphol has, as part of a Bouwteam (Construction team), contributed to the design and engineering of the project 'Reallocation of Schiphol Facade desks'.

The project

The work was carried out in operational outdoor and interior environments. Works included demolition, construction, temporary construction facilities and interior finishing work. A challenging aspect was keeping the approach roads waterproof and accessible during the works.

Main Contractor

The project was delivered by VolkerWessels Bouw Schiphol (a trading name of Visser & Smit Bouw bv).
